Clarification regarding the District of Columbia
Energy Assistance Trust Fund (EATF)

Effective October 1, 2008, as part of the
Clean and Affordable Energy Act of 2008,
Washington Gas customers will be assessed
\$.006 per therm for their natural gas usage for
EATF funding.

The purpose of the new charge is to provide
funding for various energy programs in the
District of Columbia, as defined by the Energy
Act of 2008.
