

SERVICE/INFORMATION REQUEST CUSTOMER CHECK-OFF LIST

Washington Gas requires a minimum 8 foot wide area throughout the requested gas installation site. Please confirm, by checking YES or NO, if any of the following site conditions exist.

Important: In order to expedite the processing of your request for gas service, Washington Gas needs you to complete the following form. Washington Gas will rely on the information provided on this form to accurately estimate, design, and construct your gas service. If you have questions concerning the completion of this form, please contact your Washington Gas New Business Representative before signing and returning the form to Washington Gas.

Please include a copy of your properties plat marked to show desired meter location, septic fields, wells, sprinkler systems, private utilities, etc.

Yes	No	
		In the vicinity of the gas installation are there any:
		Paved areas - Asphalt (driveway, sidewalk or v-ditch)
		Concrete (driveway, sidewalk or v-ditch)
		Brick or Flag Stone (patio, sidewalk or pathway)
		Other
		Is the ground:
		Level to slightly sloped
		Severely sloped, large drop offs, or Terraced
		Rocky
		Is there any landscaping in the area that would interfere with our installation: You may email digital photos to your Marketing Rep
		Bushes, Shrubbery or Large Trees
		Plants / Bedding
		Landscape Timbers or Retaining Walls etc.
		Are overhead utility lines present:
		Electric
		Telephone
		Cable TV
		Are any of the following in the area:
		Well
		Buried oil or propane tank and any associated pipes
		Septic Field
		County Sewer lines
		Underground Sprinkler System
		Invisible pet fencing
		Drainage systems, pool lines or any other buried systems we should know of
		Are there any time of day or weekend restrictions to performing the work, e.g. night or weekend work required? If yes, please note these restrictions in the comments section below.
		Are there any environmental concerns:
		Soil treatments, tree save areas, etc.
		Will the gas meter be exposed to traffic (near driveway, garage, etc.)?
		Is an easement required?-will the proposed gas line run from the street through your property only?
		Do you know of any issues that may prevent or make it difficult to install the gas line within a minimum of an 8 ft. wide area?
COMMENT AREA:		

I have reviewed the above check-off list and have listed the site conditions.
