Clarification regarding the District of Columbia Sustainable Energy Trust Fund (SETF)

Effective October 1, 2008, as part of the Clean and Affordable Energy Act of 2008, Washington Gas customers will be assessed the following rates for their natural gas usage for SETF funding:

- **\$.011 per therm in fiscal year 2009**
- **\$.012 per therm for fiscal year 2010**
- **\$.014 per therm for fiscal year 2011, and each year thereafter**

The purpose of the new charge is to provide funding for various energy programs in the District of Columbia, as defined by the Energy Act of 2008.
