

Year 2 Planned Projects

In our ongoing effort to provide you with safe and reliable natural gas service, Washington Gas has begun the first five years of a 40-year plan to replace gas main and service lines in various neighborhoods in the District of Columbia. **PROJECTpipes**, formerly known as the District of Columbia Accelerated Pipe Replacement Plan (APRP), is part of our ongoing pipe replacement work.

Through **PROJECTpipes**, certain portions of our natural gas infrastructure will be replaced in the coming years on an accelerated basis. For **Year 2 of PROJECTpipes, October 1, 2015 – September 30, 2016**, the Public Service Commission of the District of Columbia approved the following pipe replacement projects in the District of Columbia:

Please note, pipe replacement schedules may be affected by weather and other unforeseen circumstances. It is possible that not all of the above projects will be completed during Program Year 2. To find a current list of open and scheduled projects in your Ward, please refer to the **PROJECTpipes** Project Calendar.

Should you have questions, concerns or need additional information regarding our pipe replacement activities in your neighborhood or on your property, please call the **PROJECTpipes** Hotline at **202-624-6400** or email dhope.projectpipes@washgas.com. If you have an emergency requiring immediate attention, please call **911** or the Washington Gas Emergency Leak Line at **703-750-1400** or **800-752-7520**.
